Ejemplo de algunas configuraciones

■ 25.5mm

Remate vertical/horizontal con cremallera de 25.5mm.

Anodizado	156.430.514	10
-----------	-------------	----

Barras de 3m.

Remate vertical/horizontal de 25.5mm.

Anodizado	156.630.515	10
-----------	-------------	----

Barras de 3m.

Tapa esquina de 25.5mm.

Gris	157.725.315	20
------	-------------	----

Junta de unión intermedia horizontal/vertical.

Gris	157.200.315	20
------	-------------	----

■ 34.5mm

Remate vertical/horizontal de 34.5mm.

Anodizado	156.530.511	10
-----------	-------------	----

Barras de 3m.

Remate vertical/horizontal de 34.5mm.

Anodizado	156.730.512	10
-----------	-------------	----

Barras de 3m.

Tapa esquina de 34.5mm.

Gris	157.734.312	20
------	-------------	----

Junta de unión intermedia horizontal/vertical.

Gris	157.200.315	20
------	-------------	----

Montaje

Pata regulable.

			
	154.300.031		10

Enganche para panel

			
Anodizado	154.400.035		40

Escuadra posicionamiento

			
Gris	154.500.032		20

Distanciador de 1mm. de espesor

			
Gris	154.600.036		40

Montaje

Perfil transversal para cristal.

Anodizado	155.830.511	2
-----------	-------------	---

Para cristal de 4mm. Mecanizado a medida. Contiene los junquillos para el cristal y los herrajes necesarios.

Montaje
